

Product Name : NIMUL SP2780

Product Code : P0132

No.	Parameters	Unit	Specifications	Test Methods
1	Colour Visual		Colorless to yellowish	Determination of Appearance and Visual Colour (QTM0001)
2	Appearance		Clear viscous liquid	Determination of Appearance and Visual Colour (QTM0001)
3	pH of 1% w/v aq solution	-	6.0 to 8.0	Determination of pH aqueous solution (QTM0012)
4	Cloud Point in D/W	°C	78.0 to 82.0	Determination of Cloud Point in aqueous solution (QTM0018)
5	Solid Content	% w/w	99 to 100	Solid Content by Loss on Drying Method (NVM) (QTM0003)
6	Solubility in Water		Clear Solution	Determination of Solubility in Water (QTM0068)

Approved By

Note

The above specifications may be changed depending on technical considerations. Customers are requested to refer to COAs before use. User is required to inspect and test goods received on their own to ascertain suitability of product before using it.
